mium over 2,000 other varieties at the centennial exhibition. To tell everything about the fine fruit on the Moser farm and describe each variety will take too much time. Mr. Moser, however, seems to be very well satisfied with his situation, and says the product of his farm and orchard this year will pay hired help and family expenses, and leave a surplus sufficient to pay interest on \$20,000 and that is enough.

To the Editor of the Builty Engle: Night has come-cold, damp and star-begrimmed. She gives this time for those who may to hope, but by her dingy light the world reads off its doom. She bears on willing wings pale death, the king of all. Hated by his subjects he is imperial still, and a weapon is his word. Darkness is this king fiend's steed and the night winds turnish him with a thousand tongues. Listen to them now! They whirl around your house and whisper to you of the time when las if this ordest has been withheld from a then listen to the breezes which stir the lazy orehard leaves. They are prophesying of it. They say, too that that their master

will soon rend your home, and teeringly they view you try to stay the time. Yes, it is night, but then day is comit; n. What is a day? Only the fore-runner of another night. Life is light. But it al ton yesterday for the purpose of support- ways speaks of darkness and of death. We wend our way among the tombs until we

find the one designed for us. draws the line which must divide the rabble from the great. She puts the drowsy herd to sleep and stirs anew the pulses of the genius. Think of it! 67,843,013 human beings snoozing the stilly night away - 67 843,013 snores all going at once, while and I are wide awake, vigorously pros ing our work. This common clevati makes us kin, and makes you gobble up what stray return postage your gifter fingers fall upon.

Ah, it is wonderful to think of! The average human snore always did puzzle me. I sometimes wake up at night and listen to it and study it. That part of the snore which is audible attracts the most attention utilizing them. We never try to discover a meads by which we may preserve them for use during the day. How wonderful! And think, while millions of these little dewberries are ripening and falling from the parent stem, we you and I, dea
